

Seven ways to think like a 21st century economist

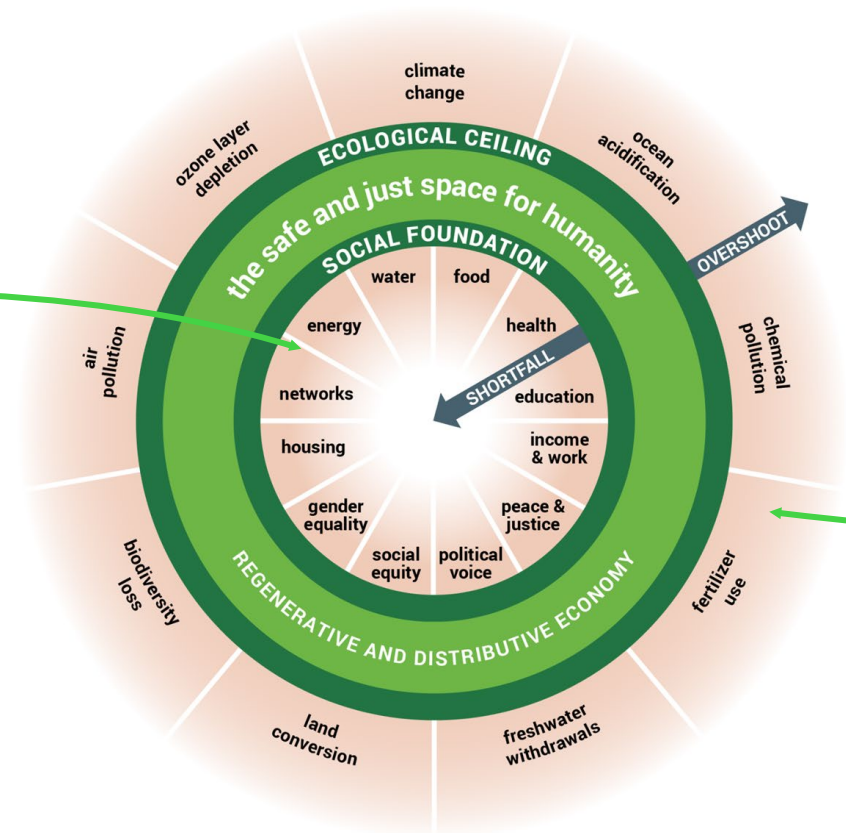

Seven Ways to Think:	From 20th-Century Economics	To 21st-Century Economics
1. Change the Goal	<p>GDP</p>	<p>the Doughnut</p>
2. See the Big Picture	<p>self-contained market</p>	<p>embedded economy</p>
3. Nurture Human Nature	<p>rational economic man</p>	<p>social adaptable humans</p>
4. Get Savvy with Systems	<p>mechanical equilibrium</p>	<p>dynamic complexity</p>
5. Design to Distribute	<p>growth will even it up again</p>	<p>distributive by design</p>
6. Create to Regenerate	<p>growth will clean it up again</p>	<p>regenerative by design</p>
7. Be Agnostic about Growth	<p>growth addicted</p>	<p>growth agnostic</p>

A compass for human prosperity

A compass for human prosperity

PLANETARY BOUNDARIES

The Embedded Economy

Cities & Regions

90+ local governments engaged;
50+ in action

Communities & Art

60 local networks created

Business & Enterprise
